Hospice of Michigan Moves Clinton Township Office
Organization is Looking for Volunteers to Support its Work in the Community

Clinton Township, Michigan, August 31, 2015 – Hospice of Michigan is moving its Clinton Township office to newer and more functional space.

Effective Sept. 1, the office will move from its current location on Hayes Road to 39531 Garfield Road. The new offices will be better configured to allow Hospice of Michigan to meet the growing needs of its clinical teams. The space will also allow Hospice of Michigan to add more community educational workshops and presentations as well as better accommodate its grief support groups.

“Our goal is to help patients and families experience quality of life at the end of life, and our new offices will support that mission,” said Sheila Hay, senior director of HOM’s Southeast clinical operations. “Our 30-person Macomb County team is rooted in the community and includes registered nurses and hospice aides, spiritual care advisors, social workers and grief support counselors who work together to meet the needs of families facing the loss of a loved one.”

HOM is also looking for volunteers in Macomb County to provide patient care and companionship, grief support and community outreach support to clients and families. For more information, visit <http://www.hom.org/get-involved/getting-started/>.

About Hospice of Michigan

A nationally recognized leader in end-of-life care, Hospice of Michigan is the original – and largest – hospice in the state. The nonprofit cares for more than 1,700 patients each day, raising more than \$4 million each year to cover the cost of care for the uninsured and underinsured. HOM offers a broad range of services to enhance the quality of life at the end of life, including At Home Support™, our advanced illness management program, community-based palliative care and pediatric care programs. HOM provides grief support and counseling, caregiver education and support, and education programs for physicians and health care professionals through its research, training and education arm, the Hospice of Michigan Institute. For more information, call 888.247.5701 or visit www.hom.org.
